

# ActivEngage Product Sheet

In the ActivClassroom, contribution comes in all shapes and sizes. ActivEngage Learner Response has both big functionality and the smallest footprint of all assessment devices—it's virtual and works on computers already in the classroom, making enhanced participation and instant assessment within easy reach of schools already outfitted with computer labs, mobile laptop carts or “one-to-one” initiatives.

With a wide range of response modes from multiple choice and sort-in-order to likert scales, unlimited numeric and text entry, ActivEngage is a simple, economical Learner Response solution rich with benefits. Teachers gain instant insight into student comprehension with results reported after each vote. And schools get a great deal: Learner Response that makes the most of existing equipment.

## Details

- **Two editions**—Server with Computer Clients, and Client-only
- **Scalable**—delivers virtual voting capability across a single classroom, entire campus or district
- **Economical**—costs associated with managing and maintaining both computer and LRS hardware are reduced with one system that supports both
- **Downloadable**—at [www.PrometheanPlanet.com/ActivEngage](http://www.PrometheanPlanet.com/ActivEngage)
- **Versatile**— ActivExpression devices and ActivEngage Clients can be used during the same response session
- **Centrally controlled**—managed on a class or district level networked server; eases security issues
- **Try before you buy**—download the Server and three Client Editions free of charge

## Features

- **Multi Platform**—works on both Windows and OS X client based systems at once, allowing for mixed deployment
- **Integrated**— works seamlessly with the ActivClassroom
- **Network based registration** facilitates mobility between classrooms
- **Simple Interface**—easy to operate by using a computer keyboard or mouse
- **Wide range of response types**—Multiple Choice, Enhanced Multiple Choice, True/False, Sort-In-Order, Likert Scales, Numeric and Unlimited Text Entry

# Specifications

## ActivEngage Server

### Managed/Network Computer

Pentium 4 – 1 Ghz processor (800MHz for Vista)  
Windows XP Pro SP3 and above (XP/Vista/7)  
10 Mb disk space, 128 Mb system memory required  
IP Network Support for both Server and Client computers

### Registration Computer (Teacher's Computer)

Pentium 4 – 1 Ghz processor (800MHz for Vista)  
Windows XP Pro SP3 and above (XP/Vista/7)  
1024 x 768 resolution  
1.5 GB disk space, 512 Mb system memory required  
IP Network Support for both Registration and Client computers  
ActivDriver Version 5.1.3 or later  
ActivInspire 1.3 Personal Edition required  
(ActivInspire Professional Edition required for full LRS features)

### ActivEngage Client

Pentium 4 – 1 Ghz processor (800MHz for Vista)  
10 Mb disk space, 128 Mb system memory required  
Windows XP Pro SP3 and above (XP/Vista/7)

### Intel Macintosh

15 Mb disk space, 128 Mb system memory required  
Mac OS X 10.4.11  
IP Network Support required

*The ActivClassroom* by *Promethean* creates successful, 360-degree educational environments by connecting technology to human ingenuity, and teachers to their peers, to students, and to a whole new world of instruction.

ActivEngage is only one part of an integrated system of hardware, software, training, and resources designed by educators for educators to support teacher efforts at instruction and assessment, improve student participation and strengthen performance for all types of learners.
